

Team Assignment 4 - Team final project - Final Presentation

Team #18

Student name: Aniruddha Anand Damle	worked on literature	worked on implementation (data, platform, test run, debug, compatibility...)	generated results (run results, result data processing, presenting results)	wrote report (Intro, method, result, discussions, ...)	other significant contributions	peer approval 1	peer approval 2	peer approval 3
specific & detailed evidence is required to support claims of contributions (make reference to specific paragraphs, equation #, figure #, code line #'s sections, etc...)	N/A	N/A	N/A	1. Data Extraction 2. Data Extraction implementation 3. Data Extraction Results 4. System requirements and references	1. Worked on Formatting 2. Worked on presentation structure 3. Formatting images and tables 4. Wrote corresponding speaker notes	N/A	Approved	Approved

Student name: Prakriti Biswas	worked on literature	worked on implementation (data, platform, test run, debug, compatibility...)	generated results (run results, result data processing, presenting results)	wrote report (Intro, method, result, discussions, ...)	other significant contributions	peer approval 1	peer approval 2	peer approval 3
specific & detailed evidence is required to support claims of contributions (make reference to specific paragraphs, equation #, figure #, code line #'s sections, etc...)	N/A	N/A	N/A	1. Introduction 2. Authentication 3. Authentication Implementation 4. Authentication Results 5. Conclusion	1. Wrote corresponding speaker notes	Approved	N/A	Approved

Student name: Aditya Kaduskar	worked on literature	worked on implementation (data, platform, test run, debug, compatibility...)	generated results (run results, result data processing, presenting results)	wrote report (Intro, method, result, discussions, ...)	other significant contributions	peer approval 1	peer approval 2	peer approval 3
specific & detailed evidence is required to support claims of contributions (make reference to specific paragraphs, equation #, figure #, code line #'s sections, etc...)	N/A	N/A	N/A	1. Datasets 2. Identification 3. Identification Implementation 4. Identification Implementation (contd.) 5. Identification Results	1. Wrote corresponding speaker notes	Approved	Approved	N/A
